Purpose: Consistent with Article I, Section 2 of the University Center Bylaws, the University Center shall vary the programs and services it offers as the needs and priorities of those it serves change. It is the responsibility of the Board and management to assess and address the changing needs and priorities of the University Center's programs and services. Adjustments, changes in content, and/or scope of programs and services should be addressed through the annual goal setting and budgetary cycle of the Board of Directors.

New/Revised:

Board Adoption Date: July 10, 2000

I. University Center Programs

Center Activities
The purpose of Center Activities is to provide a variety of recreational (i.e. outdoor adventure, aquatics programs, etc.), leisure, and personal development activities to those patrons as directed by Article I, Section 2 of the University Center Bylaws.

CenterArts
The purpose of CenterArts is to provide a diverse program of performing arts to those patrons in accordance with Article I, Section 2 of the University Center Bylaws.

II. Pricing

Due to the nature of programs offered, attendant expenses, and the University Center's commitment to maintain quality programs meaningful to student life at the lowest possible cost, Center Activities and CenterArts may require financial subsidies in order to operate. It is the responsibility of management to impose user fees and ticket prices sufficient to offset direct operating costs and overhead expenses whenever possible. When both students and non-students are allowed to participate in or attend programs, student pricing should be maintained at the lowest possible level by charging non-students rates equivalent to those customarily charged for similar programs and/or services in the marketplace.
III. Program Expansion

Major expansion of University Center programs will be dealt with on a case-by-case basis through the annual budgetary process. Changes in programs and services offered shall be consistent with the University Center's Bylaws and the mission of HSU in providing a broad and liberal University experience for our students. University Center programs and services should strive to be diverse and flexible in order to adjust to enrollment and outside sources of support.

IV. Facilities

The remodel or expansion of facilities shall be dealt with on a case-by-case basis through the annual budget cycle. The sequence of construction projects may be subject to change based on feasibility and desirability when funds become available.

V. Student Employment

It is a priority of the University Center to employ HSU students. In keeping with our commitment to work with the University in their recruitment and retention efforts and help students attain their education, the University Center programs and services shall employ students whenever feasible.
